

WINCHESTER SUPER X2 SEMIAUTOMATIC 3½-INCH 12 GAUGE, \$600

GUN TESTS GRADE: B

We could not give it a top rating because of its weight, heavy trigger pull, and patterning performance. Find it at the right price, and the Super X2 is a dependable workhorse for waterfowlers.

The same basic design as the Browning, we had no problems taking the Winchester apart and putting it back together. The parts, even the trigger group, were easy to clean.

Just a little bulky for some of our shooters, the Winchester's forearm was larger and heavier than the other two shotguns in the test. We did favor the ramped ventilated rib on the Winchester, which helped shooters in acquiring targets.
